ROBOSOFT 2027

Anniversary edition
Livorno 2018 to Brisbane 2027

Call for designs

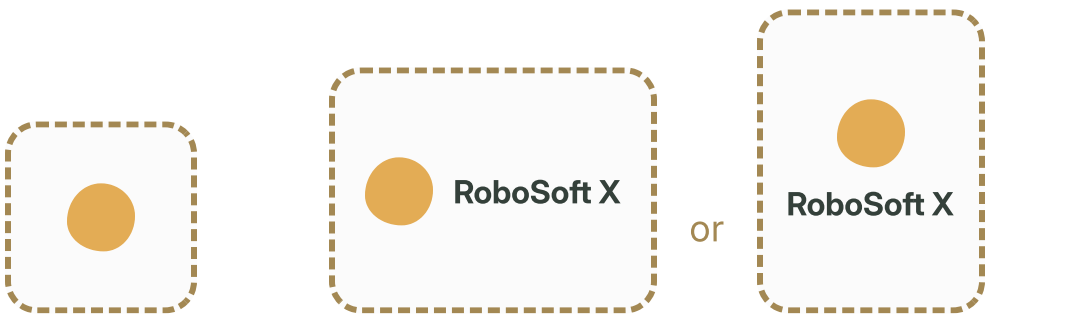
Design the RoboSoft X logo

RoboSoft X (X as in ten) celebrates ten editions of RoboSoft, **the IEEE-RAS International Conference on Soft Robotics**, from Livorno 2018 to Brisbane 2027.

That X is just my wake.
Your logo can be anything but me.

What you design

One idea, two versions: the logo on its own, and the same logo with the wording “RoboSoft X”.



Logo
No text, square 1:1

Logo with wording
Horizontal 4:3

Logo with wording
Stacked 3:4

For T-shirts, gadgets, video, awards and online.

Any idea welcome: it does not have to be an X.

Please do not reuse the RoboSoft 2027 platypus: RoboSoft X needs its own mark.

Who

Everyone is welcome, solo or in pairs. No design degree needed. Up to two designs per person.

Prizes

Travel support for the top three entries: USD 3,000, 2,000 and 1,000. The first-place logo goes on all RoboSoft X merchandise.
